

JUNE 16

Tuesday from
3 PM to 4:30 PM (CET)

[2ND VIRTUAL SESSION]

BLACK LIVES MATTER IN THE FULBRIGHT COMMUNITY

A conversation with Dr. LaNitra Berger and Fulbright Noir

The recent deaths of Ahmaud Arbery, Breonna Taylor, and George Floyd in the U.S. have sparked massive demonstrations against white supremacy, police brutality, and racial injustice. In solidarity with **BLACK** Fulbrighters and in honor of Black Lives, this virtual session is intended for all Fulbright Program alumni and will be hosted by George Mason University's Fulbright Program Advisor, Dr. LaNitra Berger, in collaboration with Fulbright Noir and Fulbright Belgium. This session will be an opportunity for Fulbrighters to discuss the current state of the Black Lives Matter movement, the role of international education in social justice movements, and recommendations and resources to help **BLACK** Fulbrighters recognize, address, and navigate individual and structural racism at home and abroad.
